TROXLER RODE THREE **LONG-SHOT WINNERS**

Crack Jockey Piloted Pipe Dreams, Doctor Carrick and Kindred to Victory.

JACK YOUNG RAN GOOD RACE.

Hefeat of Deutschland in Mile Event Demonstrated Derby Candidate's Liking for Slop -Gates Won Cleverly.

Fockey Troxler, big, strong and a good post rider, was the best thing to bet on at the Fair Grounds resterday. Troxler won the second race with Pipe Dreams at 6 to 1. 1, then wound up with Kindred at 12 to 1 It was quite a rice day's work for one boy. wallsee managed to win the first racwith Broodler. JACK YOUNGS GOOD RACE. Jack Young ran quite a nice mee in the fifth event. He laid out from the page and mud for the first six furlougs. Deutschland and Bourke Cochran set the pure to the

and Bourke Cochran set the pass to the stretch. Young moved up at the force-eighths, and wen at his case. He proved that he can run in at least one kind of miss—slop. His race was quite an improvement on his last effort in such going.

Pirateer was a good second. Deutschland was third and Bourks Cochran fourth. These two race right to their form is much change in weight considered. The more proved that Doutschland is merely a sprinter. Mr. Schreiher always said that be could beat Stylia Talbut in mad when the were in California. The Master of Wesdlands evidently overlooks the fact that Sylvia is a much improved mars since she left California and fell into the made of Armand and fell into the made of the was responsible for the long price—won the first rece in a gallop. He got off well and walked home. Wallace gave him a good ride. Armand and Edua Kenner ran noist races here under poor riding, and Mistle ran a Malining race from where she got off.

BRED TO RUN IN MUD.

Pips Dreams, by Loyalist, sire of slnfl Miss Golightly and other famous mud runners, won the second race. She is a grand big filly, bred just like Sinfi. She broke away, back, but soon rushed past her dele

away back, but soon rushed past her field and won easily. Ann Dear went well to the stretch entry, then ran out, as usual. Swest Myrtle, once more invortite got off bany and ran a good race from a poor beginning. Dector Carrick cameted away with the third event.

RINDRED AT LONG PRICE.

**Malister was the favorite in the fourth, and looked like a sure winner. Ed fieldings, owner of Kindred bet on stalt ter Kindred had worked well, and was known to like the going. Trootler got him of whooping, opened up a gap of all lengths, ran his horses sick and came sawy by himself. Malister ran a good race him serond place. Lady Strathmore stems to have developed mud-running qualities. She has run two good races in mud now, Her race yesterday was very good. She made the ground and closed fast.

Alice Turner led Gates to the last eighth in the sixth race. He then passed het civality and won. Found, who was heavily played, refused to break. She faced the larter, To-DAY'S FAIR GROUNTS ENTRIES.

MAGHOYI LOOKS LIKE SURE WINNER. Finn & Ross's Filly Has All the Best of

the Weights in the Second Race. Eugler is a good kind of colt, and is probably a mudder of some merit. If he was ot, he would scarce be entered here today. Rhyme and Reason seems destined to finish second every time he starts and at any price. He has been twice beaten at odds on when he seemed to be the best horse, Hence, it is but rational to count him an unlucky animal. There was nothing in Getchel's last race that would make him appear a contender here, though the dis-tunce will be in his favor, Bonnie Bob dis-played some improvement last time out. The race looks like nice a pick-up for Bu-gler, with Rhyme and Reason having a chance to beat him.

MAGHONI ALMOST CERTAIN TO WIN. Maghoni's last race under difficulties was bright that she appears to have the secnd event pretty much at her mercy, She a good filly in mud, and her last race, is a good filly in mud, and her last race, second to Doctor Scharff, from a bad start, proves that she is fit. Charley Ross did not think she would run as good a race as she did. She is in here cheap, and, as the stable is going away soon, it will want to win the worst way. Those who bet on her may depend upon a run for their money.

Fiash of Night will step well in mud, but is taking the worst of weights. Budweiser ran a good race against Maghoni last time, even if he did finish last. He was off badly, made up much ground, then tired. Maghoni is giving him ten pounds more to-day than she did in that event. Dottle Shute is a mud runner, and is so good just now that she will be hard to beat.

J. W. O'NEILL TO BEAT IMBODEN.

W. O'NEILL TO BEAT IMBODEN. J. W. O'Nelll looks best in the third J. W. O'Neill looks best in the third event Imboden is a shifty little mudder and will like the distance. The weight will not suit him so well. He is an "in-bearer" of the worst kind and will go to the rall at the worst kind and will go to the rall at she tries all the time. Bruiare was an inany cost. This may not help him in the mud to-day.

RUSSELLTON IN FINAL EVENT. Russellton looks best in the last race. taking him on his second last Saturday. They hold, however, that Chandoo is a great mudder. He ran a dull and sleepy race under Dale last time out, and Dale seemed to be giving him an excellent ride. Russellton beat him then, and should repeat the beating. Chandoo is taking off eight pounds, but Dale's good hands and attength should offset that. He is a very sluggish horse and will need a lot of riding. The small field will help him to get to the front better than the large one he started in last time.

GOSSIP OF THE QUARTER STRETCH.

The Chicago Tribune, usually conservative and an ardent advocate of the issuance of a license to Johnnie Reiff after he had been suspended in France, now says that Reiff deliberately pulled Sardine on Saturday instand adds that when the French Jockey Club suspended him it did not make any mistake.

The experience of the Tribune is that of every other rash advocate of a jockey's honesty. They all get bumped.

The Chicago papers are having a fit over Louis Ezell and Flying Torpedo. They are printing pictures of Flying Torpedo, limp and lame, at 2 to 10, and then running over the moon two days later at 30 to 1.

They say that there is reason to believe that Ezell was once a foot racer.

Phil Bollinger had been making a great stretch run to recoup his early senson losses, when Kunja nipped him on the post. Philip took a triple-anchored souse at Kun-ja, and she crossed him on the jaw point. He is now telling all about it.

Good judges scout Dick Welles as a Derby horse. They say that he is too fast and too rank to be rated over a distance.

Bookmakers who lost to Kunja were sore at Mr. Hughes. They may be wrong, Mr. Hughess other horses have never run as Kunja has rim. He is too smart a man to be mixed up in any such affairs. He never did anything raw. Kunja got him into trouble at Latonia last fall. She ran two had races under his own lad. Houbre, and then galloped a mile in 1:41 over a slow track. He is well rid of her.

Now comes some more of the Brilare

Cherished did not run her race—not half as good a race as she can run, even under Bridwell. The confident betting on Kunja, and Cherished's race made that event look an untrue one. Cherished can win the fourth race handily. Dawson has worked well in the mud, and has a nice pull in weight. He should beat King Barleycorn for second money. Barleycorn is a good mudder, and has run some fair races in his class, but is a very uncertain fellow.

STAND PAT HAS A CHANCE, Echodale is an incomparably good mud horse. He is very hard to beat in his own going, but on Stand Pat's race last Satur-

The fact that the Washington Park track in Chicago is said to have several distinct grades in its course suggested the innovation here. It was announced that the club would take the matter up seriously later on, and would study its advantages.

According to Robert J. Boylan, formerly of Chicago, who is connected with the new course, the engineers will be instructed as to the plans for the track in the near future.

Fourth race, purse, five furlongs; we may incorporate grades in the track we may incorporate grades in the construction.

The announcement was made at the meeting that more than \$100,000 had been subscribed. Theodore Rassieur presided. Among those present were M. Hanick, T. M. Gallagher, John L. PATROLMEN HAVE COMPLETED

Final Practice Held on Police Range-Meeting of Sharpshooters' Union.

Patrolmen who had failed to complete their scores on the regular days set for re-volver practice went through their final of odds the Browns took their fifth straight work on the police range yesterday. Nothing sensational in the line of shooting was done, Patrolman Shianeman of the Eighth making the two best scores of 110 points

Policeman Bock of the Ninth District was next high man, with totals of 164 and 92. Other scores of the day were: Flannigan, Central, 97, Ward, Central, 77, O'Nell, Eignith, 69; Sweetin, Ninth, 85, and Smirl, Tenth, 74. The closing practice for absences will be held to-day.

Patroiman Longsworth of the Central District, while failing to lead his squad at any stage, has made a total score of 683 in his six rounds at the range. This gives him the place of third high man in the department, itsel he competed as a representative of any of the eleven other districts, he would have been one of the district leaders.

Set.s. who finished first in the Central, totaled 79, and this precluded the possibility of Longsworth competing in the final shoot. Chief Kiely will award the marksmanship buttons to the winning experts at the police range to-morrow morning at 11.29. The men will then be instructed by the Chief and by Drillimaster Roemer in the details of the contest for the Commissioners' medal.

Members of the St. Louis Central Sharpshooters' Association will hold their regular monthly meeting at Delabar's Hall, No. 20 South Broadway, this evening. Delegates will be elected to the next convention of the Central Sharpshooters' Union of the United States, and the report of the last spring shooting will be read.

Notices have been sent out by President Kessler and Secretary Delabar asking for a full attendance. Policeman Book of the Ninth District was

Physicians Advise Him to Take a Long Rest. REPUBLIC SPECIAL.

New York, June 1.-Terry McGovern, the ring again for some months. Terry is very sick just now, and on the advice of his physicians will in a few days go to the Adrondack Mountains to recuperate. The paysletions say a complete breakdown would result if the little fighter resumed training. McGovern's fight with Abe Attel, scheduled to be fought June 15 in Buffalo, has been called off. Manager Harris last night wired John Herman, the clul's matchmaker, that Terry could not stand training and that he could take the \$1.09 that had been posted for McGovern's appearance. McGovern broke down in training at his Jerone avenue quarters. He contracted malarial fever and since has been attended by two physicians. It was thought the little fighter would come around all right in a week or so, and a mystponement of the fight with Attel was asked for and agreed to. June 15 was the new date set, but now this has been crossed off the Buffalo's looks.

McGovern is up and around to-day, but is little Brooklyn fighter, will not be seen in a ring again for some months. Terry is very

McGovern is up and around to-day, but is by no means well. His face is drawn and yellowish in color. Even his handshake is not so hearty, and instead of the usual aggressiveness of all his actions one now notices the gentleness of a dry-goods clerk in Terry's demeanor. Up to the time Terry was beaten by young Coristi at Hartford, a year ago last Thanksgiving, he never knew a day's illness. Since then he has been laid up at least twice.

and Powell slammed a double against the fence, scoring Padden with the second run. In the third, singles by Friel and Wallace and Crawford's error added another. Another came in the seventh, when Heidrick doubled and went to third when Friel singled. Crawford's quick return caught Heidrick off third, but Wallace's single scored Friel.

odds the Browns took their fifth straight same from the Tigers, making three runs in the last inning, winning out by a score of 7 to 6. It was a spectacular game from start to finish, the Tigers starting off by hammer-ing Jack Powell's shoots for six hits and five runs. Then the work of Umpires Carruthers and Hassett was so bad that incessant kicking took place on both sides, finally resulting in the benching of Heldrick and Powell in the last half of the seventh in-

ning HEIDRICK AND POWELL OUT.

McCormick had been called out on strikes, the last one being high and wide. Captain Padden and other players kicked as the Browns went to the field. Carruthers or-dered Heldrick from the field because of a remark, while the rest of the players ild a bear dance around the umpire. After they had gone to their positions again Powell told Carruthers he was a good umpire and raised his hat to him. That move put him out of the game.

Siever took his place without any warm ing up and held the Tigers to a single hit for the balance of the game. As for the game itself, it was full of hard hitting by both sides and some very bad fielding by some of the Detroit players. Crawford and Elberfield, in particular being bad. The usually reliable Anderson had an off-day and made two errors on

thrown balls. Friel and Wallace each got three hits, as did Gessler, including a double and tripple.

CATARRH A COMMON COMPLAIN COMPLAINT.

Catarrh begins with a stubborn cold in the head, inflammation or soreness of the membrane or lining of the nose, discharge of mucus matter, headaches, neuralgia and difficult breathing, and even in this early stage is almost intolerable. But when the filthy secretions begin to drop back into the throat and stomach, and the blood becomes polluted and the whole system contami-

nated by the catarrhal poison, then the sufferer I had a continual headache, my cheeks had grown begins to realize what a disgusting and sickening and sickening and disgusting odor, and I coughed discase Catarrh is. parts of the body. It is a constitutional disease and as inhaling mixtures, salves, ointments, etc., are never more than palliative or helpful, even in the beginning of Catarrh, what can you expect from such treatment when it becomes chronic and the whole system affected? Only such a remedy as S. S. S. can reach this obstinate, deep-seated dis-SSS ease and purge the blood of the catarrhal poison. S. S. S. purifies and builds up the diseased blood, and the inflamed membranes are healed and the excessive secretion of mucus ceases when new,

rich blood is coming to the diseased parts, and a permanent cure is the result.

S. S. S. is guaranteed purely vegetable and harmless and a reliable remedy for Catarrh in all stages. Write if in need of medical advice or special information; this will cost you nothing. THE SWIFT SPECIFIC CO., ATLANTA, GA. ,
